### 1. Multiple usages

This emoji can be used for terms like community, neighborhood, urbanizations...

### 2. Use in sequences

It could be used in sequences mainly to refer to things being natural, handcrafted or better quality.

### 3. Breaking new ground

n/a

## **C. Distinctiveness**

Villages are present all around the world and everybody is familiar a rural environment any way or another.

## **D. Completeness**

This proposal aims to fill the gap on the places category because there is no representation of a natural/rural environment, only urban ones.

## **Selection factors — Exclusion**

### **E. Petitions or “frequent requests”**

n/a

### **F. Overly specific**

n/a

### **G. Open-ended**

This emoji should not require any other additions.

### **H. Already representable**

This emoji could be represented by a combination of multiple houses, a church, a mountain and so on but we consider it would be too long and could be confusing and the message would not come out clear.

**I. Logos, brands, other third-party IP rights, UI icons, signage, specific people, specific buildings and landmarks, deities**

n/a

**J. Transient**

If anything the use of these emoji could only rise due to the sharp increase of rural population, specially after COVID.

**K. Faulty comparison**

There is no similar emojis on its category.

**L. Exact images**

The images provided are not requested to be implemented as they are, they are just to show the gull is easily representable on the given format standards.

**M. Region flags without code**

n/a

**N. Lack of required rights or license for images**

The images attached to this proposal were designed for this purpose and the relevant license is provided as well.

**O. Variations on direction**

n/a

**P. Includes text**

n/a

**Other information**

As stated by the UN approximately a 50% of the population world-wide, we consider this amount of people should be able to represent the environment they live. ([Source](#))
